

How do I search who has made campaign contributions to candidates and for how much using the Florida Cultural Alliance (FCA) Excel files provided about the 2018 candidates?

For State Candidates:

1. Open the Excel file on the specific race you want to look into.
2. Click on the candidate's name on the Excel file.
3. Once on the candidate's tracking system page, click on "Campaign Finance Activity" at the bottom of the page.
4. Once on that page, cursor down to " Select Sort Order" and select "Name."
5. Hit "Submit Query Now" -- a list of all the names of the contributors and the amounts contributed to date will appear -- you can view the list on your screen or download it.
6. Do you or your board members know any of the individuals or businesses that have made campaign contributions to these candidates? Do they support arts, arts education, and culture? Will you ask them to speak to these candidates and cast themselves in Act I of our statewide advocacy campaign?

For Candidates Running for the U.S. Senate or U.S. House:

1. Open the Excel file on the U.S. House or U.S. Senate candidates.
2. Click on the candidate's last name on the Excel file under Column D.
3. Once the page opens, click on "Browse receipts" to the right of "Total Raised."
