Research Notes:

- These Creative Industries data are based solely on active U.S. businesses that are registered with Dun & Bradstreet. Because not all businesses are registered, our analyses indicate an under-representation of arts businesses (particularly those that are nonprofit arts organizations and individual artists). The data in this report, therefore, are an undercount.
- To define the Creative Industries, Americans for the Arts selected 644 8-digit Standard Industrial Classification codes that represent for-profit and nonprofit arts-centric businesses (out of more than 18,500 codes representing all industries).
- Reports for all 435 U.S. Congressional Districts, the 50 states and the District of Columbia, the 6,766 state legislative districts, and all 3,141 U.S. counties—as well as a full suite of user tools and a comprehensive list of the industries included in this analysis—are available for download at www.AmericansForTheArts.org/CreativeIndustries.
