SUGGESTIONS

Below are suggestions to include in your thank you messages and letters, along with links to details:

1. Make your thank you messages, videos, letters, etc., personal and relevant to your organization and county. Share this document and asks others to also participate in this campaign.

2. Refer to your county's arts & culture infographic to share a few facts about the IMPACT these DCA matching grants have on your organization and county (these are being updated, but there is good information to use for your county). Here are the final 2019-20 DCA grants by county.

3. Reference the full name of the Florida Department of State Division of Cultural Affairs and the funding category, e.g., Cultural and Museum or Culture Builds Florida or Cultural Facilities' matching grants. Use this opportunity to focus their attention on where these state-appropriation investments were made. We need to build upon this year's success under these specific budget line items for next year.

4. Why these DCA matching grants matter to you, your organization, county, Florida?

5. How they leverage other necessary matching dollars?

6. Jobs sustained and created?

7. Educational programs enhanced or created?

8. Greater access created for more residents and tourists?

9. Return on investment back into local and state government treasuries in your county? Refer to your county's infographic.

10. Economic impact for your organization and your county?

11. Invite and engage them and their staff in your summer/fall organizational and community arts and culture programs/events and/or schedule a tour of your organization to meet with board and staff members to learn directly how these state DCA matching-grant investments are used and their impact.
